## Wake Up Australia... Look What's Coming! New Bill To Allow Foreign Forces and Troops To Be Used on Australian Soil

By Allison Shreeve

WAKE UP AUSTRALIA... Look what's coming! New Bill To Allow Foreign Forces and Troops To Be Used on Australian Soil.

This law will allow foreign troops and foreign police forces to be used on Australian soil against the Australian people in times of a declared "emergency". Most likely under the banner of NATO or the United Nations.

These foreign forces and/or police will be able to act with impunity, immune from all prosecution for any laws they break, damage to persons and private property caused whilst on Australian soil.

If passed the new law will allow foreign troops to be called upon in an emergency. But what constitutes an emergency? Industrial action? Anti-government protests? Civil unrest? Another fake Pandemic? The definition is so broad that it basically can mean anything that they want it to mean.

Time for Real Aussies to STAND UP

**Jane Hillyard**

Many believe they are already here. Partly because they don't think our police are capable of perpetrating the kind of truth censorship we see in Victoria.

It's sad to see so many Australians look the other way because they don't "want" to believe it's true

**Cameron Ward**

If passed is the most important thing here. It won't pass parliament .

**David Sorensen**

How can we petition to stop this or remove our current parliamentary system?

**Angela Mary Sciberras**

Sadly the truth of a long standing plan 😞

**Pat Armitstead**

is that why they are saying the police wont be checking your passports?

**Kate Pfindt**

These Governments are out of control ,this goes against our constitution,what these governments are doing is illegal,they will be tried for crimes against humanity .
