## Letter to the Editor

We have a REASON to thank Albanese

On the 1<sup>st</sup> July 2023 the National Anti- Corruption Act 2022 comes into force. Every Australian is now entitled to ask for and get a jury trial in every matter, civil or criminal and it is corruption to refuse in either a State or Federal Court. This is because in 1995 the "Kable Principle" was argued in the High Court and became common law, in 1996. The "Kable Principle" is that NO STATE can make a law contradicting S 79 Constitution and NO State can make a law discriminating against a Subject of the King and in any criminal matter the Commonwealth standard must apply. No more Majority verdicts whatsoever. All or nothing.

Way back in 1914 the Crimes Act 1914 was enacted to ensure the honesty and integrity of the Judicial Power of the Commonwealth. That is because S 79 Constitution mandates that the judges who will decide the guilt or innocence of the accused are drawn from the General Public, who like our elected judges in the Parliament of the Commonwealth are charged with making the common law. If a Court with a Judge (singular) sits it is UNCONSTITUTIONAL. Mr Magistrate can be accused of attempting to pervert the course of justice in respect of the Judicial power of the Commonwealth.

The course of justice in respect of the Judicial power of the Commonwealth makes the Common Law sacred in S 80 Judiciary Act 1903. Corporations can and are sued for criminal misdeeds. They cannot be imprisoned. To remedy this a Corporation, if convicted MUST pay a pecuniary penalty. By S 4B Crimes Act 1914 this is five times what they would be required to pay if an individual. A breach of S 43 Crimes Act 1914 which a Judge or Magistrate sitting without a jury is, attracts ten years imprisonment. Ten years imprisonment attracts a liquidated penalty of \$165,000 at today's Penalty Unit Rate of \$275.00. By S 4K Crimes Act 1914 this penalty accrues daily.

Every Member of the Parliament of the Commonwealth and Senator is subject to a compulsory duty to report breaches to the National Anti-Corruption Commission. Starting in 1984 Bob Hawke and the Australian Labor Party repealed the Queen Victoria's Letters Patent 1900. That Letters Patent created ONE integrated Judicial system. The Australian Letters Patent created by Bob Hawke and confirmed by Kevin Rudd made it possible for the Parliament of the

The debt clock at mid-day 20 Jan 2023 was \$ 8,793,694,584,359. Not bad for just 25 Million people in the hands of a corrupt, duopoly system of government. For January 1973 the debt clock was at \$458, 231,678,732 with just 13.4 million people. Just the management your family business needs.

Commonwealth to enact an Unconstitutional S 9 Australia Act 1986 prohibiting courts with judges holding Legislation unconstitutional. The National Anti-Corruption Commission will have power to declare these corrupt changes illegal. By S 32 National Anti- Corruption Act 2022 any person may refer an issue to the National Anti-Corruption Commission.

Just the fact that the National Anti-Corruption Commission is there will be enough to see a big improvement in our governments.

FEDERAL COURT KABLE PRINCIPLE MAGISTRATES COURT

NATIONAL ANTI-CORRUPTION ACT

One of the few patriots left who understands the system and how it has been totally subverted under every citizen's nose. If we can help to turn it around we will, otherwise our children will have nothing. Our investigations show there is no 'government' of the people for the people of Australia. The removal of the Crown from Australian Parliaments, followed by the incorporation of Parliaments aided by the Australia Act 1987 has left us with corporate government with policies not laws, that apply only to members of political parties and the public service. There is no law, other than the Common Law. This fact will be borne out in the near future as numerous legal challenges in place now, come to a head soon. [View all posts by Editor, cairnsnews](#)

A group of North Queenslanders has determined a need to establish a rail link to Weipa. The plan proposes eventually to create a new rail line linking Weipa to the Atherton Tableland, Cairns, Karumba and Townsville.  
In light of international interference in our domestic affairs, we have decided to develop the rail proposal into a full scale feasibility study. Construction and operation of this infrastructure project will protect and guarantee the economic viability of Cape York Peninsula and the Far North Queensland region for future generations.
