It's about time someone who knows how to express themselves properly spoke up about the plot that is so obviously at foot in Australia right now. Thanks Tucker Carlson.

As a foreigner(Singaporean), I love Australia. Aussies are friendly, welcoming & have an amazing sense of humour. I'm a brown skinned guy & I've never felt out of place in Oz. The heart of Australia is the small towns that I love exploring. Thank you for making us feel so welcome and accepted. Resist the globalist agenda!

The planes should instead show how Australian citizens were arrested for going ALONE to the beach during Covid and how normal citizens were put in quarantine concentration camps for 14 days and beaten to the ground by police. And they should show the raging insane eyes of your leaders when they introduced the tyrannical measurements during lockdown.

I wish we as Aussies didn't have a culture of being so complacent. It feels like a giant number of us want to publicly stand up to what's happening to Australia yet no one has the guts to make the first move.
As long as we have our overtaxed beer, and our footy, we are happy to drift through life until we die.

As an Australian i have been saying this for years .
how many generations of birth deaths and marriages in Australia does it take to be given equal rights of the native peoples. ?
The answer is I and my family will never be given equality . So disgraceful.. What's crazy is when I say this I am looked at as a racist.
I say your right you are being racist to me !!!!!!!

Went to Tucker's gig in Melbourne - flawless and powerful. Succinctly describe the state of decay in this once great country in a way the not only was easy to understand but beckoned the listener to show courage in a Godly way so that it may help restore the damage done. Best bit about the whole night though was all 5000 people in the room harmoniously boeing Albo, Scam Andrews and Jacinta Retardern at the top of their lungs! 😂
